Fair Play Code

I will teach my athletes to play fairly and to respect the rules and to play in the spirit of the game.

I will remember that children need a coach they can respect. I will be generous with praise and set a good example to follow.

I will be reasonable when scheduling games and practices, remembering that young athletes have other obligations.

I will make sure that equipment and facilities are safe and match the athlete's ages and ability.

I will respect the children, volunteers, referees, the Association Executive members, parents and spectators, by voicing my concerns in private. I will abide by the Association's Social Media Guidelines.

I will support efforts by this Association and others to remove all verbal and physical abuse from children's hockey.

I will ensure BC Hockey's policy of 2 deep supervision is followed at all times.

I will not be a bystander if I become aware of any bullying, harassment or behaviour that may be deemed unsuitable for children's hockey. I am obligated to report such actions to the team Manager or appropriate Executive member immediately.

I will not ridicule or yell at the child, or other children for making a mistake, poor play or performance.
